KUBOTA ZERO-TURN MOWER

Z400 Series

Designed for the residential user seeking high levels of comfort and convenience, and the professional user demanding superior durability and performance.
Comfort and Convenience, durability and performance. It’s everything you want in a zero-turn mower.

Residential users require high levels of comfort and convenience. Professional users demand superior durability and performance. Both want easy operation and top level performance to handle even the most challenging mowing tasks. The Z400 Series of zero-turn mowers delivers all that and more, including powerful engines matched with rugged transmissions, smooth operation levers, and, of course, Kubota’s reputation for outstanding quality and durability.

Warranty *
Residential :
4 years / 500 hours
Commercial :
2 years / Unlimited hours

*Engine warranty is covered by engine manufacturer.
*Please see the Kubota Owner’s warranty information guide for full details.
COMFORT & CONVENIENCE

Designed for performance, the Z400 Series also offers a wealth of comfort and convenience features to keep you feeling fresh and working longer.

NEW HIGH BACK 3" SUSPENSION SEAT (Z412, Z422 only)
Soft and roomy, the high back 3" suspension seat will keep you comfortable even on those extra-long mowing jobs. The seat slides a full 4" travel, letting you find just the right position for maximum personal comfort.

NEW

WIDE FOOT PAN
There’s plenty of legroom up front, thanks to a wide foot pan. It also makes entry and exit a snap.

CUP HOLDER
Integrated cup holder ensures that your drink is always handy, so you can stay on the job longer between breaks.

SMOOTH OPERATION LEVERS
The operation load of the dual operation levers can be adjusted to each operator’s needs to provide smooth, precise control and less fatigue at the end of the day. The damper force can be easily adjusted to ensure optimum comfort for every operator.

12V POWER OUTLET
Charge your phone or other accessory while mowing the lawn. The Z400 also has an integrated smart phone holder.

LARGE FUEL TANK
The large, 6.8-gallon fuel tank keeps the Z400 Series moving for more than 6 hours between refueling stops. (depending on conditions)

5" DEEP WELDED MOWER DECK
This steel welded mower deck provides outstanding, professional-level cutting performance. A reinforced spindle mount area improves durability.

ERGONOMIC CONTROL LAYOUT
All controls are ergonomically arranged for quick identification and simple operation, with most controls on the right side for faster, easier access.
PERFORMANCE & EASY OPERATION

The Z400 Series boasts the kind of performance found only in commercial-grade mowers, as well as the easy operation that residential and professional users alike can appreciate.

POWERFUL ENGINES
The Z400 Series comes equipped with powerful KAWASAKI engines that provide the torque you need to power through tall grass and rugged environments.

RUGGED TRANSMISSION
Power from the engine is delivered to the wheels through rugged, Hydro-Gear® Commercial ZT3600® transmission.

PRECISION ADJUSTMENT
A simple twist of a dial lets you adjust the cutting height in precise 1/4" increments.

LOW PROFILE TIRE
The Z400 Series’ new wide low-profile tires not only look good, they provide better traction for all types of mowing tasks. They also have a larger footprint that reduces ground compaction as well as turf damage during turns.

FOLDABLE ROPS
The ROPS on the Z400 Series mowers meets ISO 21299 specifications to ensure safe and efficient operation. The ROPS easily folds down to allow the mower to pass under low obstructions, as well as permits easier storage in a garage or shed.

PARKING BRAKE
A foot pedal locks the brake so the unit can’t move, ensuring safe and secure parking.

6.5" WIDE FRONT TIRE
Add some stability when drive over rough to rain. It spread the weight for less damaging to the turf and give better cut quality.

10.0 mph TRAVEL SPEED

NEW

24" Rear Tires
Big tires mean a safer ride.

K-LIFT
Mechanical One Push Deck Lift Pedal
The K-Lift pedal lets you quickly and easily adjust the cutting height without leaving your seat. Simply press the pedal and turn the adjustment dial!

1 Push and release the pedal to raise the deck
2 Use the dial to adjust the cutting height
3 Push and release the pedal again to lower the deck

**Power (hp) specifications for individual gasoline engine models are rated pursuant to Society of Automotive Engineers (SAE) J1940 or J2723 based on gross output testing performed in accordance with SAE J1995 without the air cleaner and muffler. Gross engine hp will be higher than actual engine power which is affected by accessories, application, engine speed, ambient operating conditions and other factors. The gross engine horsepower information is for comparison purposes only.**

Kubota Corporation reserves the right to change the stated specifications without notice. This brochure is for descriptive purposes only and reasonable efforts were used to set forth the contained information; some items shown may be optional and some products shown may not be available at all dealerships. Kubota disclaims all representations and warranties, express or implied, or any liability from the use of this brochure. For complete warranty, safety and product information, consult your local Kubota dealer and the operator’s manual. Power (HPKW) and other specifications are based on various standards or recommended practices. For your safety Kubota strongly recommends the use of a Rollover Protective Structure (ROPS) and seat belt in almost all applications. This brochure is intended for the United States and US territories only. For information regarding Kubota products or services outside these areas, see Kubota Corporation’s global web site. Kubota does not provide parts, warranty or service for any Product which is re-sold or re-tailed in any country other than the country for which the Product(s) were designed or manufactured.

### Attachment & Option Kit

- **Grass Catcher**
  The optional 7 bushels (250 liters) grass catcher can be attached and detached without ever requiring the use of any tools.

- **Mulching Kit**
- **LED Work Lights**
- **Seat Suspension Kit**
- **OCDC**
- **Maintenance Lift Kit**
