### Engine
- **Type (Make):** KUBOTA
- **Type:** V2403CR-T
- **Engine gross SAE J1995 power HP (kW):** 55.5 (41.4) / 57.0 (42.5) / 53.8 (40.1) / 55.5 (41.4)
- **Transmission:** 3-speed
- **No. of cylinders/Air aspiration:** 4 / Turbocharged
- **Displacement:** cu. in. (mm) + 148.6 (3434)
- **Rated speed:** rpm + 2700
- **Fuel tank capacity (ROPS / CAB):** US gal (l) + 13.5 (31) / 11.9 (25)
- **Air cleaner:** Dry-dual element
- **Alternator (ROPS / CAB):** Amp + 45 / 90

### Transmission
- **No. of speeds:** 8F (8R) 3-range speed
- **Main gear shift (4 speeds):** Partially synchronized (3rd & 4th)
- **Shuttle:** Synchronized
- **Hydraulic PTO:** Live independent, hydraulic PTO with PTO brake, wet clutch
- **Speed:** 954 rpm

### Hydraulic
- **Engine gross SAE J1995 power HP (kW):** 55.5 (41.4) / 57.0 (42.5) / 53.8 (40.1) / 55.5 (41.4)
- **Engine net SAE J1349 power:** HP (kW)
- **PTO power:** HP (kW)
- **No. of cylinders/Aspiration:** 4 / Turbocharged
- **Total displacement:** cu. in. (mm)
- **Overall height (w/Foldable ROPS / CAB):** in. (mm)
- **Overall width (Minimum):** in. (mm)
- **Wheelbase:** in. (mm)
- **Min. ground clearance:** in. (mm)
- **Overall length (w/o 3P):** in. (mm)
- **Overall length (w/Foldable ROPS / CAB):** in. (mm)
- **Tread width Front:** in. (mm)
- **Tread width Rear:** in. (mm)
- **Turning radius (w/ brake):** ft. (m)
- **Type (Make):** KUBOTA
- **Category:** I & II

### Power steering
- **Hydraulic Pump capacity (main):** gpm (l/min) + 4.8 (18.6)
- **3-point hitch:** Category 1 & II
- **Brake:** Mechanical wet disc
- **Differential lock:** Rear standard (mechanical)
- **PTO:** Live independent, hydraulic PTO with PTO brake, wet clutch
- **Rated speed:** rpm + 2700
- **Fuel tank capacity (ROPS / CAB):** US gal (l) + 13.5 (31) / 11.9 (25)
- **Air cleaner:** Dry-dual element
- **Alternator (ROPS / CAB):** Amp + 45 / 90

### Other features
- **4WD drive system (4WD model):** -
- **Suspension:** Bevel gear type
- **Hood type / Pedal type:** Full open hood / Hanging pedals
- **Deck type:** Flat

### Dimensions
- **Overall length (w/o 3P):** in. (mm) + 127.8 (3245)
- **Overall height (w/Foldable ROPS / CAB):** in. (mm) + 95.7 (2430) / 92.7 (2355)
- **Overall width (Minimum):** in. (mm) + 69.7 (1770)
- **Wheelbase:** in. (mm) + 54.1–58.7 (1375–1490)
- **Turning radius (w/ brake):** ft. (m) + 8.5 (2.6)
- **Weight:** lbs. (kg) + 3474 (1576) / 3734 (1694)

### Tires
- **Standard:** Front/Rear
- **Traveling speeds (w/std. Ag. tires):** mph (km/h)
- **No. of speeds (at rated engine speed):** Forward / Reverse
- **First / Fifth:** mph (km/h)
- **Second / Sixth:** mph (km/h)
- **Third / Seventh:** mph (km/h)
- **Fourth / Eighth:** mph (km/h)

### Other features
- **Steering:** Hydrostatic Power Steering
- **Hood type / Pedal type:** Full open hood / Hanging pedals
- **Engine type:** CR, direct injection, liquid cooled diesel
- **Engine SAE J1995 power HP (kW):** 55.5 (41.4) / 57.0 (42.5) / 53.8 (40.1) / 55.5 (41.4)
- **Engine net SAE J1349 power:** HP (kW)
- **PTO type:** Live independent, hydraulic PTO with PTO brake, wet clutch
- **Speed @540 rpm:** rpm
- **Partially synchronized (3rd & 4th):** -
- **Main clutch:** Dry single plate
- **No clutch:** -
- **Synchronized Hydrostatic Pedal Operation:** -
- **Dry single plate:** -
- **Mechanical wet disc:** -
- **Differential lock:** Rear standard (mechanical)
- **PTO:** Live independent, hydraulic PTO with PTO brake, wet clutch
- **Rated speed:** rpm + 2700

### Other information
- **4WD drive system (4WD model):** -
- **Suspension:** Bevel gear type
- **Hood type / Pedal type:** Full open hood / Hanging pedals
- **Deck type:** Flat
Meet the New MX Series.

KUBOTA DIESEL TRACTOR
MX5400/MX6000

COMFORT
The MX Series is built to deliver comfort with the CAB or ROPS model. The all new feature-packed cab is ready to take on any task. No matter how cold, wet or dusty, this cab is ready to withstand the elements.

VERSATILITY
The MX Series tractors are renowned for their versatility and ease of operation. With a category I & II 3-Point Hitch, 2WD or 4WD models, gear-drive or HST transmission, ROPS or CAB options, and a tight turning radius, the new MX series is unmatched in versatility.

AFFORDABILITY
With over 50 optional accessories to add on to your tractor, you can make this series customized according to your applications and criteria.

New CAB model for all-weather comfort

MX5400 Gear-Drive model 46.5 PTO HP
HST model 46.5 PTO HP
MX6000 HST model 51.8 PTO HP
Achieve year-round comfort with Kubota’s new MX CAB.

Rain or shine, hot or cold, day or night, the MX Series’ new factory-installed cab is not only affordable, but also provides year-round comfort. This wide, spacious cab features a flat platform with plenty of legroom, tilt-steering, A/C & heating, easy access and use of operator levers and controls as well as the ability to accessorize it to fit your needs.

COMFORT

2 Stage Opening Rear Window
For fresh air ventilation, the rear window can be set into a second position that keeps it slightly open.

Standard Equipment for CAB model
- Heater/Air Conditioner
- Tilt-Steering
- Radio Ready (Speaker and Antenna)
- Front Work Light
- Front Wiper
- Suspension Seat
- Floor Mat
- 2-Stage Opening Rear Window
- Rear Mirror
- 60 Amp Alternator
- Cup holder
- 12V Socket

Options
- Side Mirrors
- Armrests
- Rear Work Light
- Rear Wiper
- Rear Defogger
- 130 Amp Alternator
Kick back, relax and get working with the MX ROPS Models.

COMFORT

Suspension Seat with Optional Arm Rest
The new high-back suspension seat offers greater comfort, even after a long day's work. The optional armrests help reduce arm movement and operator fatigue, especially when performing loader work.

Full Flat Deck
Kick back, relax, and get working. The deck enables safe and easy mounting/dismounting, and the 30 spacious inches between fenders gives you all the room you need to work in comfort. In addition, the easy-to-operate hanging pedals optimize legroom.
COMFORT

Your choice of gear drive or hydrostatic transmission (HST)

You know the job better than anyone, and you know exactly how to get it done. That’s why the MX Series offers you an affordable choice of gear drive or hydrostatic (HST) transmissions. The Synchro-Shuttle gear drive transmission gives you total control over the power to maximize productivity, especially in loader work. The HST transmission provides smooth performance and control, as well as reduced vibration and fatigue for greater operator comfort.

Gear Drive Transmission with Synchro Shuttle Shift

Kubota’s Synchro-Shuttle Transmission lets you spring into action with smooth control and power. The 4-speed main shift has 2 ranges (Hi/Lo), that gives you 8 forward and 8 reverse speeds for the versatility you need to maximize productivity. The main shift lever is conveniently located at the left side of the seat, both on ROPS and CAB models. To give more legroom and to improve operability.

HST Transmission

The MX Series’ HST transmission features a hydraulic servo HST control for easier pedal operation as it provides quicker pedal response while minimizing the pedal pressure and force needed to push down on the pedals. This not only provides more comfort, but also smoother performance and constant control no matter the application.
VERSATILITY

When you see the word versatility, think of the new MX Series.

Needing an affordable tractor big enough to move hay bales or pull a hay tedder and rake? Are you also needing that same tractor to get in and out of tight spaces such as barns, livestock pens or wooded areas? The MX Series is the ultimate package when it comes to a tractor that can not only fit those larger compact applications, but also those smaller utility applications. Dirt work, landscaping, mowing, loader work, moving hay bales with the 3-point hitch and front loader, pulling hay rakes and tedders, or even commercial applications like construction projects, turf management, or poultry farms. These are just a few of the applications the MX Series was made to do.

Built to Succeed
This series is designed for: raking, rotary cutting, cleaning chicken houses, golf course maintenance, material handling, feeding animals, moving bales, arena grooming, hobby farming, finish mowing, snow removal.

3-Point Hitch
With a maximum lift capacity 24 inches behind the lift point of 2,310 pounds, the MX series allows for a wide range of implements.

Electric-Over Hydraulic PTO Switch
With the electric-over hydraulic PTO switch, the live-independent PTO is easy to use. Simply “Push and Turn” to start or “Push” to stop.
Performance-matched implements make short work of tough jobs

Kubota-built LA1065 Front Loader

Kubota’s LA1065 front loader was specifically designed and built for the MX series, thus optimizing the loader’s full capabilities. With a high lift capacity, lift height, and breakout force, the LA1065 provides the power needed for those heavy-duty jobs. Additionally, the LA1065 features simultaneous lift and dump of the loader and bucket. This combined with a fast loader cycle time makes operating easy and tasks efficient and quick. The standard 2-lever quick coupler allows easy attachment and detachment of front attachments like grapple buckets or bale spears.

3rd Function Valve

The optional 3rd function valve broadens the scope of the front loader operation by enabling the use of a grapple bucket and other hydraulically controlled attachments. The 3rd function valve can be activated with buttons located on the grip of the joystick.

Kubota-built BH92 Backhoe (ROPS only)

BH92 Backhoe is performance-matched with the MX Series to deliver more power and greater capacity with over 9 feet of digging depth. Attaching and detaching is quick and simple. The full-flat deck delivers optimal legroom for maximum operator comfort while the optional hydraulic thumbs offers greater versatility for backhoe operation.

Affordability

Accessories:

- Up to 3 Remote Valves
- Universal Work Lights (ROPS Only)
- 7 Pin Trailer Connector
- Draft Control
- Front and Rear Weights
- Agricultural, Turf or Industrial Tires
- Plus Many More!

Maintenance:

Affordability doesn't just refer to the purchase of the tractor upfront, it's there for the long haul.

Kubota is known for its reliability, quality and durability, and the MX series is built to withstand all of the heavy loads and potential wear and tear over the years. The MX series is designed to minimize maintenance with:
- Metal one-piece hood, fenders and platform
- World renowned Kubota Diesel Engine
- Protected hydraulic hoses

Easier Cleaning and Maintenance

The new MX-Series is designed to make daily maintenance easy. For fast cleaning, the radiator screen can be removed from either side of the tractor. Additionally, the air filter, battery and coolant recovery tank are easily accessible.

- Up to 3 Remote Valves
- Universal Work Lights (ROPS Only)
- 7 Pin Trailer Connector
- Draft Control
- Agricultural Tires
- Industrial Tires
- Turf Tires

Air Filter
Checking or changing out the air filter is easily accessible and can quickly be done.

Battery
The MX-Series is equipped with a large capacity battery. Set in an easy to get to location, routine maintenance is a breeze.

Water Separator Sensor
Whenever the water separator is full, a sensor will indicate on the dash panel that draining is required.
