

For Earth, For Life

KUBOTA COMPACT TRACK LOADER SVL65-2

Easy operation, quick maneuverability, and exceptional cab comfort will make short work of a wide range of jobs.

A new CTL with the performance, operability, and comfort you need to take on and finish the job.

■ Exceptional Performance

Power to spare

A reliable 68HP Kubota engine brings plenty of power to any excavating or loading job, letting you work faster and with greater efficiency.

Wide working range

With the same vertical lift arm structure as Kubota's top of the line SVL's, the SVL65-2 boasts excellent lifting capacity, a long reach, and a high hinge pin.

Engine (g	ross HP)	68.3 HP		
ROC (35%	6 / 50%)	2100 lbs./3000 lbs		
Breakout	Bucket	4614 lbs.		
force	Lift arm	4266 lbs.		
Traction f	orce	8408 lbs.		
Reach		34.9 in.		
Hinge pin	height	118.5 in.		

Self-leveling

The standard self-leveling during lifting feature, keeps the bucket or forks level without the need to manually adjust the angle. This function may be simply turned on and off with the flip of a switch.

High-flow hydraulics (option)

Get up to 27.0 gal/m AUX flow rate for greater attachment work efficiency.

14-pin coupler (option)

The 14-pin electrical coupler, and multifunction control grip switches allow for a multitude electrical functions to operate most attachments. 14-pin coupler comes standard with high-flow hydraulics.

■ Excellent operability

Kubota control valve system

The SVL 65-2 has an innovative hydraulic system developed exclusively by Kubota that enhances simultaneous operations, dramatically increasing the productivity of the bucket, and any AUX hydraulic attachment.

Multi-function grip (included with high-flow hydraulics option)

Multi-function levers provide fingertip control of all major vehicle and attachment operations, letting you keep both hands on the levers at all times.

A. Horn

C. AUX1

D. AUX3

B. -Not used-

E. Travel Speed

- F. Proportional AUX Switch
 - G. AUX Hold Switch

Right Control Lever

- H. AUX2
- I. AUX Mode Change
- J. Float Switch

■ Exceptional Comfort

Comfortable cab

Work in all day comfort in a cab that is equivalent in size to larger machines. A wide opening allows for easy entry and exit.

Easy-open sliding front door*

The sliding front door can be opened regardless of the position of the bucket or loader arms. Full machine operation is possible with the door open if desired.

edge can be seen while sitting.

* The polycarbonate door is available as an optional kit and is recommended for some attachments.

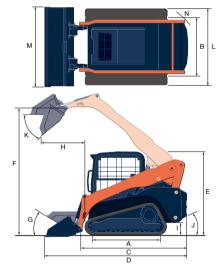

Specifications

Model				SVL65-2		
Type of operato	r station			Open CAB / Closed CAB		
	Model		V2607-CR-TE4			
Engine	Output (SAE J1995 gross) HP (kW)/rpm		HP (kW)/rpm	68.3 (51.0) / 2600		
	Output (SAE J1349 net) HP (kW)/rpm		HP (kW)/rpm	60 (44.7) / 2600		
	Displacement cu.in. (cc)			159.6 (2615)
